## PARTICIPANTS NEEDED

### Navigating the Transition from Undergraduate to Graduate STEM Programs: Lived Experiences of Latina Students

#### *About this Study:*

The purpose of the study is to explore how Latina students with undergraduate degrees in STEM experience the transition into graduate STEM programs.

#### *Participation Eligibility:*

- Self-identify as Latina
- Hold an undergraduate degree in a STEM discipline
- Be currently enrolled in a graduate STEM program
- Must be at least 18 years old to participate.

#### *Benefits of Participation:*

- You will not benefit directly from your participation in the study. The benefits to science and humankind that might result from this study are: A better understanding of how support mechanisms and institutional barriers influence Latina STEM students' transition into graduate STEM programs.
- This information may help colleges and universities design stronger support services for future STEM graduate Latina students.
