Spring 2020 Late Registration Deadlines

**FSU Late Registration** ($100.00 late registration fee.)
Monday, January 6, 2020—12:01 a.m.
Thursday, January 9, 2020—11:59 p.m.

**FAMU**
Late registration is January 6th – January 10th; students that wait to register during this period will receive a $100 late registration fee.

**National Space Grant College and Fellowship Program - Artemis Student Challenge Opportunities FY2020 – FY2021**

The proposal has to be submitted through the FSGC office at UCF and the proposal is due February 10, 2020. Interested faculty may contact Dr. Erica Alston ASAP.

The goal of this solicitation is to invite Space Grant consortia members, specifically all 50 states, the District of Columbia, and the Commonwealth of Puerto Rico, to submit proposals to advance the quality, relevance, and overall reach of current and future Artemis student challenges. With the Artemis Mission, NASA will land the first woman and next man on the Moon by 2024, using innovative technologies to explore more of the lunar surface than ever before. NASA’s OSTEM seeks innovative proposals that will provide foundational learning opportunities to prepare an unprecedented number of undergraduate/graduate students to learn and engage in Artemis-focused challenges that align with the technology needs of the Artemis Mission and/or that will provide the Artemis generation new authentic, high-quality student challenge experiences. These efforts will
result in interested undergraduate/graduate students of all skill and readiness levels to prepare for, and then experience, exciting activities while preparing for and directly contributing to NASA’s mission.

The proposal has to be submitted through the FSGC office at UCF and the proposal is due February 10, 2020.

Erica J. Alston, PhD
Space Grant Deputy Manager Langley Research Center Mail Stop 033
Hampton, VA 23681 erica.j.alston@nasa.gov

Reach out to research faculty in your department and express your Interest in participating!

Kaggle.com | Open Data Research Grant

Researchers are an important part of Kaggle’s community and we want to expand our support for them through the first ever Kaggle Open Data Research Grant. Graduate students, PhD candidates, research scientists, postdoctoral fellows, and faculty at accredited universities are all invited to apply for a Kaggle Open Data Research Grant (subject to the Terms). Researchers who receive a grant will be required to host their data and code on Kaggle when they publish their work.

This grant is designed to help facilitate individual research projects which will be published in the next six months of the grant being awarded rather than supporting a broader research program. The application will close on January 9, 2020 11:59 PM PST.

Apply for a grant here!

APPLY NOW: L’Oréal USA For Women in Science Fellowship

Applications for the 2020 L’Oréal USA For Women in Science program are now open and will close on Friday, January 31, 2020.

The L’Oréal USA For Women in Science fellowship program honors female scientists at a critical stage in their careers with grants of $60,000 each. Since 2003, we’ve awarded 80 postdoctoral women scientists over $4 million in grants. We’re seeking five exceptional female scientists looking to advance their research and serve as role models for the next generation of girls in STEM.
We invite you to share the attached materials with your community and hope that with your help we can encourage some of your network’s outstanding women postdocs to apply.

Attached, please find:
- Application Flyer (optimized for email forwarding or printing as an 8.5” x 11” poster)
- Social Media Graphics (for a Facebook or Twitter post)
- Application FAQ
- FWIS Program Fact Sheet

Candidates are selected from a variety of fields including the life and physical/material sciences, technology (including computer science), engineering, and mathematics. Candidates must have completed their PhD and have started in their postdoctoral position by the application deadline.

The application and more information about the L’Oréal USA For Women in Science program can be found at www.lorealusa.com/forwomeninscience.

Should you have any questions or require additional information, please contact us at forwomeninscience@us.loreal.com

Spring 2020 COE Library Workshops

MEASURING RESEARCH IMPACT
February 12, 2–3 p.m.
B202 - College of Engineering

To register, visit: fsu.libcal.com/event/6029520
Please bring a laptop.

ENGINEERING ENTREPRENEURSHIP
February 19, 2–3 p.m.
A115 - College of Engineering

To register, visit: fsu.libcal.com/event/6029521
Please bring a laptop.

PLOTTING AND FUNCTION DISCOVERY WITH MATLAB
February 26, 2–3 p.m.
A115 - College of Engineering

To register, visit: fsu.libcal.com/event/6029523
Please bring a laptop.

INTRO TO PATENT SEARCHING
March 4, 2–3 p.m.
B202 - College of Engineering

To register, visit: fsu.libcal.com/event/6029525
Please bring a laptop.

Spring 2020: The Librarian Is In
Wednesday, 2 p.m.-5 p.m., COE Cafe

- Research help
- Citation management
- Public access support

Schedule an appointment with librarian, Denise Wetzel.

UNIVERSITY NEWS

FAMU-FSU Engineering Security Alert - Potential Cyber Attack
Warning

The US Department of Homeland Security and other official sources are warning that computing users in the United States are likely to experience increased levels of cyber disruption, suspicious emails and network delays in the coming days.

Please be vigilant – as always, be careful about clicking on email attachments, do not send sensitive information via email, do not respond to unsolicited emails from senders you do not know, etc.

Also, NOW is a very good time to assure your data is backed up. If you store your files in OneDrive, excellent! If you use other means to back up your files, please make sure your backups are current. If you need assistance with backups/OneDrive, contact CCS and we will be glad to help. (And, don’t forget your computers at home – back them up, also!)

If you have questions, or if you see something suspicious, please contact CCS at (850) 410-6446, or visit us in A332, or enter an incident request at https://ops.eng.famu.fsu.edu.

FSU: Master’s in Four (MI4) Competition

The Graduate School’s Master’s in Four (MI4) Competition is coming up!

Master’s students who have earned 18 hours of graduate coursework toward the degree may compete in the Master’s in 4 Competition during which they have four minutes, and four slides, for them to explain their research to a diverse audience. More information about the competition can be found on The Graduate School’s main website here: https://gradschool.fsu.edu/mi4

The preliminary rounds of the competition will be held January 27th - Jan 31st, on the third floor of the Honors, Scholars and Fellows House in room 3009. The Honors, Scholars, and Fellows House is located at 127 Honors Way.

Interested master’s students can register to compete in this competition by clicking here: https://fsu.qualtrics.com/jfe/form/SV_2bM6eun5iPuCaCF

FSU: Spring 2020 PIE Teaching Training/TA Orientation: Registration is Now Open!

The annual Spring PIE Teaching Training Workshop/TA Orientation is a hybrid training that contains both an online portion and face-to-face portion. Read more.

Register for the face-to-face portion of the training here.

FAMU Spring Career & Internship Expo - Jan. 29

Rattlers are you looking for job opportunities? If so, get ready for the Spring Career & Internship Expo!

Mark your calendars for Wednesday, January 29. More than 100 companies will be at FAMU to hire a rattler!

Stay tuned for other Career and Professional Development Center events that will help you be fully prepared and ready to secure opportunities at the Expo!
FSU All Majors Career & Internship Fair - Jan. 23

SEMINOLE FUTURES
ALL MAJORS CAREER & INTERNSHIP FAIR
JANUARY 23 | 9 AM - 12 PM & 1 - 4 PM
DONALD L. TUCKER CIVIC CENTER

UPCOMING EVENTS

Engineering Campus: Mark Your Calendars
[January 2020]

First Day of Classes Spring Semester 2020, January 6, 2020
Bowleg 5K Run for Scholarships, Saturday, January 11 | FAMU-FSU Engineering, A-Atrium, 9 a.m. - 11 a.m.

HOLIDAY Martin Luther King, Jr. Day | Monday, January 20

FSU All Majors Career & Internship Fair, Thursday, January 23 | Civic Center, 9 a.m. - 12 p.m. & 1 p.m. - 4 p.m.

STEM Resume Café, Monday, January 27 | FAMU-FSU Engineering, 9 a.m.-12 p.m.

STEM Career and Internship Fair, Tuesday, January 28 | FAMU-FSU Engineering, 9am-2:30 p.m.

Day After STEM Fair Interviews, Wednesday, January 29th | FSU Career Center

FAMU All Majors Career & Internship Expo, Wednesday, January 29 | Lawson Center, 9:30 a.m. - 2 p.m.

[February 2020]

RAZOR Lecture Series - Sastry Pamidi, Ph.D., Tuesday, February 4 | Challenger Learning Center, 6:30 p.m.

Library Workshop: Measuring Research Impact, Wednesday, February 12 | FAMU-FSU Engineering, B202, 2 p.m. - 3 p.m.

Engineers Week, Sunday, February 16 - Saturday, February 22

RAZOR Lecture Series - Bruce Locke, Ph.D., Tuesday, February 18 | Challenger Learning Center, 6:30 p.m.

Library Workshop: Engineering Entrepreneurship, Wednesday, February 19 | FAMU-FSU Engineering, A115, 2 p.m. - 3 p.m.

E-Week Girl Day

Engineering Open House – MagLab Open House, Saturday, February 22

Library Workshop: Plotting & Function Discovery w/MATLAB, Wednesday, February 26 | FAMU-FSU Engineering, A115, 2 p.m. - 3 p.m.

Grad Preview 2020, Thursday and Friday, February 27-28

[March 2020]

Spring Break | March 16 - March 20

Library Workshop: Intro to Patent Searching, Wednesday, March 4 | FAMU-FSU Engineering, B202, 2 p.m. - 3 p.m.

RAZOR Lecture Series - Samuel Grant, Ph.D., Tuesday, March 10 | Challenger Learning Center, 6:30 p.m.

World Engineering Day, Friday, March 20

[April 2020]

Senior Design Day, Thursday, April 9 | TBD

Shark Tank Competition, TBD
Transportation Day, Friday, April 17 | TBD

FAMU STEM Day w/Architecture, Saturday, April 18

RAZOR Lecture Series - Eren Ozguven, Ph.D., Tuesday, April 28 | Challenger Learning Center, 6:30 p.m.

THINGS TO DO

Coastal and Marine Laboratory Lecture: 'Taking the Pulse of a Changing Planet'

The Florida State University Coastal and Marine Laboratory presents "Taking the Pulse of a Changing Planet," a lecture by Robert Spencer, associate professor of oceanography at FSU. Spencer will examine the carbon cycle in aquatic environments and project how human impacts, particularly on land, affect downstream ecosystems. The lecture will take place from 7 - 8 p.m. Thursday, Jan. 9, at the FSU Coastal and Marine Laboratory Auditorium, 3618 Coastal Highway 98, St. Teresa. For more information, visit marinelab.fsu.edu.

CLC News | Star Wars, Challenger Camp and more!

Star Wars: The Rise of Skywalker: The IMAX Experience (2D & 3D) | CALL (850) 645-7796 NOW FOR TICKETS

The surviving Resistance faces the First Order once more in the final chapter of the Skywalker saga. STAR WARS: THE RISE OF SKYWALKER contains several sequences with imagery and sustained flashing lights that may affect those who are susceptible to photosensitive epilepsy or have other photosensitivities.
