

Signature Page for MS Thesis Research Progress Presentation

Department of Industrial Engineering FAMU-FSU College of Engineering

The progress presentation offers students the opportunity to make an oral presentation to their supervisory committee regarding research progress. Supervisory committee members may make suggestions for current and future research work in order for the student to complete a successful MS thesis. The progress presentation must be completed at least six (6) weeks prior to the final defense of the thesis. This signature page must be submitted to the Director of Graduate Studies by the end of the week of the presentation.

The following are the suggested contents of the presentation:

- Problem under study, and deviations from the proposed problem
- Research approach
- Preliminary results
- Further research work
- Expected final results
